

## Vocabulary

overlapping	placing objects over one another to create depth
sticking	putting something in a fixed position where it is unmoveable
collage	a type of artwork made by sticking or overlapping a variety of mediums
texture	how something looks or feels (rough, smooth)
environment	the natural world - leaves, twigs, stones
arranging	to put things in a neat or attractive order
rough	uneven, bumpy

Richard Long is an artist known for the usual ways in which he creates circles using found, natural materials.

Andy Goldsworthy uses found materials, such as leaves and twigs, and overlaps them to help make his artworks effective.

Warm colours are things that remind us of heat - summer, sun, fire.  
Cool colours remind us of things that are cold - winter, ice, water.

Patrick Heron is an artist that experiments with hot and cold colours.
