

## Vocabulary

weaving	interlacing fabrics
frame	a structure that supports
resist	a way of dyeing fabric by covering some areas so they do not take on the colour
rubbing	an impression design
texture	the feel or look of a surface
assemble	fit together, make, build, construct
embellish	to make something more attractive by adding decoration

You can wrap and knot fabrics to give them different textures.

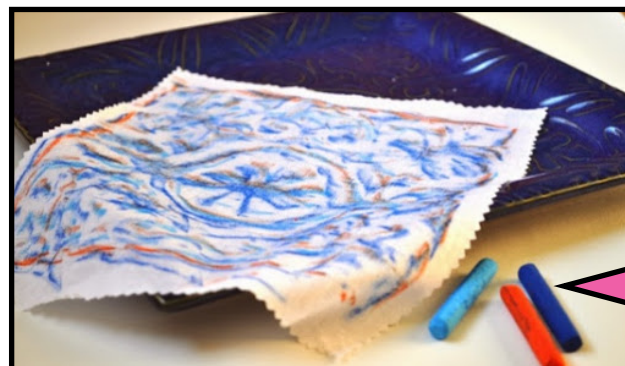

fabric wall hangings

Sequins and beads can be used to embellish.

A loom is a frame used to weave fabrics. The loom helps keep threads in place so that you can interweave the weft threads.

A rubbing is made by placing a piece of paper or cloth over an item and then rubbing the paper or fabric with crayon, charcoal, ink or pencil.
